

08xx to Mobile

Connect an 08 number to your mobile phone so you never miss a call.

When someone dials your 08 number, the call is connected directly to a mobile phone number of your choice.

Diverting an 08 number to a mobile phone number is a standard service which allows you to change the destination/target number for your Non Geographic Number (0800, 0808, 0870, 0871, 0844, 0845) any time of the day as many times as you like.

Please note: For 0800, 0808, 0870, 0871, 0844, 0845 connections to a mobile phone you will be charged a pence per/minute rate for all incoming calls.

Low cost mobile rates and FREE online statistics are available with all our number ranges.

With 070 numbers call routing to UK Mobiles is absolutely FREE - there are no incoming call charges!

08xx to Mobile Charges:

- £10 + VAT per month rental
- No long term contract - only 30 days notice needed to cancel
- Calls received charged at 25p per minute on standard numbers and if setup on numbers from our website then 16p per minute - per second billing
- Note: phones on 3 Mobile network are charged at 25p per minute
- A prepayment of £100.00 will be required in order to activate the mobile access, this sits on your account as credit in readiness for your calls. This will not apply to the 6 months deal and annual deals.
- No cost to change where your number is pointed
- Fully itemised billing
- Call 0800 007 6000 for discounts for multiple numbers

Customer Charges

0800/0808 to mobile

Your customers are not charged for calling 0800 Free Phone numbers or 0808 Free Phone numbers and you only pay for receiving the call on your UK mobile.

0844 to mobile

Your customers pay a flat rate of 5p per minute when they ring an 0844 number.

0845 to mobile

Your customers pay the same costs as a local phone call when they ring an 0845 number.

0870 to mobile

Your customers pay the same costs as a national phone call when they ring an 0870 number.

0871 to mobile

Your customers pay a flat rate of 10p per minute when they ring an 0871 number.
